

# SiteSaver. Simply a better lining and containment system.

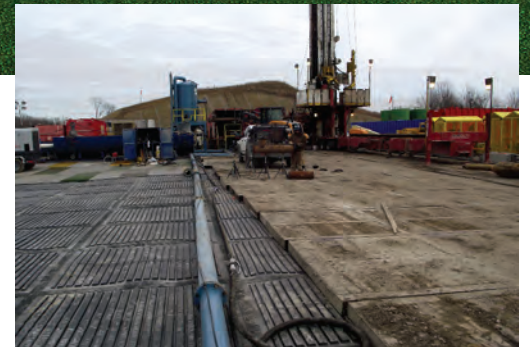

SiteSaver™ represents a vast improvement in liner system performance and safety. There are dozens of logical reasons why you should consider switching to SiteSaver for all of your containment needs. To name a few:

- ▶ Safer - Significant Reduction in Slip/Trip/Fall Incidents
- ▶ Reusable
- ▶ Recyclable
- ▶ Heavy Gauge HDPE
- ▶ Chemical Resistant
- ▶ Puncture Resistant
- ▶ Reduces Fines and Clean Up Costs
- ▶ Secondary Containment Solution
- ▶ Meets ISO 9000 & ISO 14000 Standards
- ▶ Reduced Repair Costs
- ▶ More Stable and Safer Than Poly Liners

Contact us today to learn how the SiteSaver System can solve your site's containment and drainage problems, while improving your safety record.
